EIGHTH YEAR SIDNEY, VANCOUVER ISLAND, B. C., THURSDAY, JANUARY 22, 1920 PRICE FIVE CENTS

Meeting of Sidney Board of Trade

The regular meeting of the Sidney Board of Trade was held on Tuesday evening. There was a small attendance and only the usual routine business occupied the attention of the members present.

Several reports from committees were received and adopted. The Water Committee reported on their visit to Victoria and interview with the Water Rights Department as reported in our last issue. The committee was instructed to take any further steps possible.

Amongst the correspondence received was one letter from Mr. M. B. Jackson, M.P.P., on the question of a government grant to the local fire brigade. This was ordered to be handed to the Fire Commissioners to be reported upon.

The following was received from the Federal member for the district, Mr. J. C. McIntosh, M.P.:

"Many thanks for the courtesy of your Board in expressing their appreciation for my efforts in connection with the wharves at Sidney and Roberts Bay and the acquisition of part of the Victoria & Sidney Railway by the Canadian National Railway. I am always pleased to work with any public-spirited body who are capable of looking after their own interests, and it is not difficult when you have the intelligent backing of such a body as the Sidney Board of Trade, to achieve some tangible results."

The question of the unsatisfactory condition of the roads throughout the district, which was discussed at the previous meeting, and has been brought to the attention of the Minister of Public Works, the Hon. Dr. King, has resulted so far in the following letters being received. No doubt with continued agitation by the Board further results will be achieved.

From Minister of Public Works:

"In acknowledgment of your letter of the 2nd inst., would say that I would like to have a representative of the Department meet your committee at Sidney to discuss the requirements as requested."

From Public Works Engineer:

"In reply to your letter dated the 7th inst., addressed to the Hon. the Minister of Public Works, I beg to advise that District Engineer, Col. Hodgins, has been instructed to get in touch with you, and see what can be done to alleviate the situation."

It was decided that the annual meeting should take place on Tuesday, Feb. 10, and it was further arranged that the meeting should be held in the Sidney Hotel, preceded by supper at 7 o'clock. Members will be notified by the secretary in due course, and it is hoped to have a large attendance. The election of council and officers, and the reports of the president and secretary-treasurer will be among the principle business of the evening.

SIX CARS A DAY.

Commencing next Sunday, the Victoria and Sidney Flying Line Stage will inaugurate a new service, supplying six cars a day each way. This action on the part of Messrs. Davey and Hobson will assure Sidney of a first-class passenger service, and they are to be congratulated upon their latest move. The change of schedule appears on page two of this issue.

FARMERS' DANCE.

Instead of the regular dancing class next Tuesday evening, Mr. Dickson intends to give what is called a farmers' dance. Any man wearing a shirt—no, we mean a white collar—will be fined two bits. If a barrel is worn it must be a nice pea green color with pink trimmings or there will be an extra fine. Ladies may wear waists, but they must not be silk unless they wish to contribute two bits for the privilege. The real old time dances will be the order of the evening, and you must not walk on the same lady's feet more than seven times during the evening. In fact there is going to be a real nice time, and you had better dig up your overalls and get into the game. Two prizes will be awarded, for men and women, and other prizes will be given for some other good points, but it is being kept dark—a kind of chocolate color. The ladies will provide refreshments for the occasion. There will be special music for the occasion. Only those in costume will be allowed on the floor.

OF INTEREST TO BREEDERS.

Messrs. Dean Bros., of Keatings, have recently purchased a number of very choice stock from the Alberta Government herd and one female from the well known Fairburn herd, owned by Mrs. Doorling, of Duncan.

Those purchased from Alberta comprise two mature cows, eight females (yearlings and senior calves) and a yearling bull. Of the mature cows "Brampton Oxfords Carlette (imported) out of Carlette and sired by Oxfords Fancy Prince, is a great individual with a first class R. O. P. fat record. The other, "Brampton Wolsley Bess," is a cow combining beautiful Jersey type with good production.

The young stock are certainly bred in the purple, being sired by "Safety First." A bull from that good cow, Brampton Patricia, sired by "Viola's Bright Prince," who is probably the best male of the breed in the Dominion. On their dam's side they carry a good percentage of the blood of the following famous individuals: "Noble July Sultan," "Noble Sultan," "Alfreton Knight," "Tornado," "Japanese," etc.

As one would naturally expect from such breeding, these youngsters are of beautiful quality and promise great things at the fall one day. They cannot help but be a great acquisition to Dean Bros., already famous herd, which, with their average yearly fat yield of 300 lbs., places them about the top of the list as Jersey breeders in British Columbia.

Annual Meeting of Committee

The second annual meeting of the Mt. Newton Sunday School Committee was held in the new schoolroom, Breed's Cross Road, on Tuesday, Jan. 13, 1920, at 8 p.m. Mr. Few (who, it will be remembered, presided at the public meeting held May 20, 1918) was nominated as chairman and kindly consented to act. Mr. G. Henderson very kindly acted as secretary for the occasion. A public invitation having been given, there was a good attendance of scholars, parents and friends. The meeting commenced with singing "Count Your Blessings" and prayer. The chairman in his opening remarks expressed the pleasure he felt in presiding, and dwelt briefly on the importance and value of Sunday school work. The minutes of the last public meeting were then read and confirmed. Mr. Harman moved, and Mr. Munro seconded their adoption. The chairman then called on the secretary-treasurer, Mr. H. Lovell, for the annual report and financial statement, which was given as follows:

The Sunday School was held 52 times during 1919, as compared with 44 times in 1918, when the school was closed for two months owing to the ban on public meetings imposed owing to the epidemic of influenza. The highest attendance was 46 and the lowest 24, a total of 1,730 persons attending the afternoon meetings of the Sunday School during the year. There was an average attendance of 33.14 for each time the school was held. The highest collection was \$10, the lowest \$2, with an average of \$2.91 each time; total, \$151.32.

The balance sheet, which had been duly audited, showed receipts from the Gospel Meetings' Fund, a statement of which was given by the treasurer, Mr. J. Marshall, amounting to \$129.65. Also the sum of \$88.30 as special donations to building fund; total, including balance from 1918 of \$424.04. The expenditure amounted to \$398.39, which included the sum of \$30.26, being one-fifth of the Sunday School collections set aside for the Foreign Mission Fund, leaving a balance of \$26.65. Mr. Harman moved, and Mr. Munro seconded, that copies of the report be typewritten and sent to each family in the district. Carried.

Also moved by Mr. Harman, seconded by Mrs. Beswick and carried, that a vote of thanks be sent by the superintendent to each of the preachers who had spoken at the Gospel Meetings during the past year.

The question of the re-election of the committee was then considered. Mr. A. Readings moved, and Mr. J. Readings seconded, that the same committee continue in office for the present year. This was carried unanimously. The names of the committee are as follows: Mr. J. Marshall, chairman and superintendent of Sunday School; Mr. H. Lovell, secretary-treasurer; Mrs. Harman and Mrs. Marshall, teachers; Mr. Harman, Mr. Knowles, Mrs. Jones and Mrs. Munro.

Thanks were then expressed by several members of the committee to their meeting for their re-election.

Mr. J. Marshall moved, and Mr. Harman seconded, a vote of thanks to Mr. Few for his services as chairman.

The meeting closed by singing the Doxology.

REORGANIZATION MEETING.

A number of townspeople who are interested in poultry met in the Berquist theatre last Tuesday evening, and reorganized the North Saanich Poultry Association, the question being previously discussed at some length. A number of matters of interest to poultrymen were discussed. The election of officers resulted as follows: Mr. Hurst, of the East Road, was elected president; Mr. A. Harvey, vice-president; and Mr. F. W. Bowcott, secretary. It is the intention of the association to proceed along the lines as before in marketing eggs to the best advantage and procuring feed at the lowest cost. All those desirous of any information communicate with Mr. F. W. Bowcott, secretary, who will be pleased to furnish all particulars regarding poultry matters.

CALENDARS FOR 1921.

The Review will be able to furnish calendars to merchants for 1921, so hold your order.

News From Several Districts

THE SIDNEY LAUNDRY.

Within a few few days a new industry will make its appearance in Sidney—an up-to-date laundry. The enterprise will be launched by Mr. and Mrs. J. Mason, with the assistance of Mrs. B. Able, sister of Mrs. Mason. Mrs. Mason is well acquainted with the laundry business, having had much experience in the Old Country. Mrs. B. Able, who recently arrived from England, was head finery ironer of a large institution there, and will have this important branch of the business under her supervision. Mr. Mason, among other things, will look after the collecting and delivery of laundry. All work will be of the best class.

FIRE AT BOARDING HOUSE.

A fire that might have been very disastrous to the town broke out this morning in the boarding house on Third street. The pipe caught fire and set ablaze the paper on the wall. The volunteer fire brigade from the mill, assisted by several members of the Board of Trade rushed to the engine house and got out the fire reel and proceeded to the scene of the fire. The fire, however, was put out by Mr. Wm. Hayward, assisted by Mr. "Bob" Sloan and W. Cowell and others.

We urgently recommend to the Commissioners that they have installed a gong of some kind that will notify the public and the fire brigade when their services are required.

REAL ESTATE ACTIVE.

Mr. S. M. Jones, of Deep Cove, has disposed of five acres to Mr. Greenwood of Gordon Head. There has been a number of sale of real estate in this district during the past few weeks.

DANCE AT DEEP COVE.

A dance will be held at the Church Hall, Deep Cove, next Monday evening, in aid of the Anglican Church Building Fund. Splendid music has been engaged for the occasion, and refreshments will be served during the evening. A very enjoyable time is assured all who attend.

The meeting of the N. S. Women's Institute will be held tomorrow (Friday) afternoon, and not on the 27th as stated last week.

WEST SAANICH

Mr. John Stewart has sold his property in the West Saanich district to Mr. Thomas, of Victoria, who will move to Saanich within the month. Mr. and Mrs. Stewart have both taken a keen interest in local affairs during their sojourn in these parts and we are pleased to learn that they do not intend leaving Saanich. Mr. Stewart has purchased a piece of unimproved land near Saanich and will commence work there at an early date.

Several of the people from West Saanich attended the Farmers' Institute meeting held in the Temperance Hall on Thursday evening last and listened with keen interest to the various topics discussed. Mr. Whitney-Griffiths was the principal speaker of the evening.

Mrs. Hutchinson, former school trustee of Saanich, attended the meeting of the South Saanich Women's Institute on Thursday evening. Mrs. Hutchinson is now agent for a line of books for use in public schools and spoke to the women with a view to gaining their co-operation in placing these books in the existing school.

Mr. W. O. Wallace took several people from Tod Inlet to attend the hockey match in Victoria last Friday evening.

A military 500 party was held in the West Saanich hall on Friday evening. There was not as large an attendance as usual, owing to so many counter-attractions, but those who did attend report having a very enjoyable evening. Fort No. 3 carried off first honors, the following being prize-winners: Miss Gladys Guy, Miss Agnes Parsell, Mr. W. Butler, Jr., and Mr. Jas. Johnston. The winners of consolation were Mrs. Chas. Maber, Miss W. Parsell, Mr. Rolph Anderson and Mr. C. Thomas.

The Hall Committee will hold a leap year dance in the near future. Miss Thain's orchestra has been engaged for the occasion.

Mrs. R. J. Parsell is spending a few days at the home of her sister-in-law, Mrs. M. J. Little, Dallas Road, Victoria.

Mr. and Mrs. R. P. Butchart left on Friday for an extended visit to Honolulu. They will not return for about three months.

has spent the past week in the Lady Minto Hospital with bronchitis. He is recovering rapidly, however, and expects soon to return home.

To Mr. and Mrs. Case Marrow, at Ganges, on the 14th inst., a son.

To Mr. and Mrs. Stuart, Beaver Point, on the 16th inst., a daughter.

Mr. Percy Wakelin and family has just arrived at South Salt Spring and are the bearers of distressing news. Mr. Wakelin's brother met with a serious accident some days ago at San Diego, which resulting in his arm being cut off in a wheel saw.

BRENTWOOD

The home of Mr. and Mrs. Frank Lindsay was the scene of a merry throng a few days ago, the occasion being the twenty-first birthday of their daughter Gladys. The evening was spent in games and dancing.

H. G. Hughes, of Vancouver, has been spending a few days in the city and in Saanich, the guest of his sister, Mrs. Murray, of Brentwood.

Mrs. T. W. Walker, of Brentwood, has returned home from Vancouver where she had been visiting her mother.

The Agricultural Society held a very successful dance Wednesday evening, Jan. 14. Perry's orchestra was in attendance.

The West Saanich Women's Institute held their annual meeting on Tuesday afternoon, Jan. 13. After the business had been attended to Mrs. Verdin, the president, addressed the meeting in a few well-chosen words and gave the members a few good suggestions for the coming year. The secretary reviewed the year's work, and the treasurer's report revealed the fact that the Institute has earned, other than government grant, \$1,321.09. The building fund which was started at the June rose show, the proceeds of the sale of roses was used to form a nucleus, has grown very rapidly, \$346.96 being the amount. The Institute had welcomed eight new members during the year.

The officers elected for the year 1920 are:

Mrs. Verdin, president (by acclamation); Mrs. Murray, secretary (by acclamation); Mrs. Wallace, treasurer; Mrs. Guy and Mrs. Pope, directors.

A special meeting called by the South Saanich Women's Institute took place at the Y. W. C. A. rooms, Victoria. The delegates listened with pleasure to Mrs. Watt and Mrs. Goodman. Mrs. Goodman displayed a few toys, baskets and gloves that had been made by Institute members in England. Both speakers were very interesting.

SOUTH SALT SPRING.

Mr. Stuart, a returned soldier, who recently took Johnson's ranch at Beaver Point, met with a painful accident last week, a fall of being water falling on his feet, leaving them very badly.

Mr. Chas. C. Castle, of Ganges,

Celebrate the 25th Anniversary

A very enjoyable evening was spent in Berquist Hall last Saturday evening when Mr. and Mrs. J. J. White entertained a number of relatives and old-time friends on the twenty-fifth anniversary of their wedding.

The hall was beautifully decorated for the occasion with bowers of evergreen, and the comfortable chairs placed under these made cosy nooks for those who did not wish to take part in the dances.

Mr. and Mrs. White, assisted by their daughters, Miss Lorna and Miss Eileen, received their guests, who extended to them their congratulations on the happy occasion.

Dancing and cards were the order of the evening, and at 12 o'clock a very dainty supper was partaken of.

The supper tables were handsomely decorated with huge bunches of yellow lilies and yellow daffodils, intermingled with asparagus fern.

Mrs. White, who made a charming hostess, was becomingly gowned in a rich black silk dress with overdress of black net, trimmed with gold.

Plimley's orchestra, of Victoria, provided splendid music, and all enjoyed the real old-time dances as well as the modern ones.

Quite a number of friends from Victoria came out to take part in the festivities and to extend their best wishes to the host and hostess.

The Review joins with their many friends in wishing Mr. and Mrs. all happiness and prosperity during the next twenty-five years—and then some.

The Forward Movement

(By Rev. Wm. Barton.)

At the present time a great movement is on foot in the Anglican Church and other Christian bodies in the Dominion. The movement was organized by a laityman. Its first great aim is to stir up the hearts of the people to use the gift of the Holy Spirit that His kingdom may come quickly.

How many people there are who still ask why God allowed the great world war to take place. One answer is found in this great movement which is taking place amongst Christian bodies in the Dominion—the Forward Movement. Great military men were found amongst those where the military authorities did not expect to find them, except that they were found in the army they had joined at the call of King and country. From the lowest rank in the army men rose to command divisions and brigades. From being followers they became leaders. These men gave themselves heart and soul—their every faculty they gladly and gallantly chose to lead in movements of greatest danger. They kept back nothing. In moments of greatest difficulty or danger they supplied the needed guidance and inspiration to hold their command together—to hold an unbroken front in the enemy's face—to lead the attack and finally to wear out and break the morale and vanquish the enemy powers.

Surely the answer is given clearly by our Heavenly Father. Why the war? We know how the world had gone after material things. Leaders were to be found in all branches of science and letters, politics and commerce, fashion and frivolity. The ranks were full of hearty followers. Not so, however, in the ranks of the Christian army. Many a church had but few worshippers upon the Lord's Day. Upon a week-day, God alone knew how small was the army of the Church militant.

Out of the ranks of the Church militant in this time of our country's and the world's—great need Christ has found leaders—Laymen—who cry "Let us go forward in the Spirit." "The trumpet call gives no uncertain sound." The Master calleth you. He needs you for His service in the fight for Truth and Righteousness. He needs man's strength. He needs woman's love and patience. He needs the child's simplicity and trust. Taught and trained and fed, strengthened with the Holy Ghost, the Comforter, and daily increasing in His manifold gifts of graces.

All know of the wonderful spirit of patriotism called forth by the country's need through the war—what self-denial and self-sacrifice it revealed amongst high and low, rich and poor alike.

Now all are called to the ideal service, the true "Spiritual Patriotism." I.e., service in the Kingdom of God. To enlist at once for active service at home or abroad wherever they may be needed.

When volunteers were called for to go with H. M. S. Vinnetua to block the mole at Zeebrugge, all—

(Continued on page three)

(By Rev. F. Letts.)

"The wayward world has nailed it self On to its cross of woe; With its own hands it hewed the wood.

It dyed the rood with its own blood, And then, with vicious blow, Drove home the nails that it had cast Through its own flesh, and made them fast;

It dug the pit below.

But every cross new meaning holds, Since such sweet virtue came Of Calvary; and though mankind Still wanders graceless, deaf and blind To his own bitter shame.

Yet by God's grace, he shall arise, From this dread cross of sacrifice To set all life aflame.

For— The Fiery Cross is speeding forth To the purging of men's lives. Christ bears it through the troubled earth.

To quicken life to a nobler birth, To break the ancient gyves, His love flames in the Fiery Cross, Sorting the pure gold from the dross, And from their sin men thrive.

Speed on, speed on, the Fiery Cross For the kindling of men's souls. The powers of ill have had their day. They broke life on the rough red way.

They leaved bitter tolls, And now God's torch is blazing bright.

Wrong lies beneath the heel of Right, And men seek nobler goals."

—John Oxenham.

"The Forward Movement" means all that the above poem states.

"Speed on, Speed on" is the cry of the hearts great and true to the Cross of Calvary. The Church believes in humanity the world over, that in the heart that beats beneath every color of skin is the deep, intense hunger for something or somebody, that is satisfying and abiding, peaceful, victorious over all enemies of mankind.

Other countries are also tossed on the troubled sea of unrest; not alone labor unrest, economic unrest, social unrest, but soul unrest, religious unrest. It is the purpose of the Forward Movement to immediately put within reach of the whole world those high spiritual ideals, Christian ideals, the best the world has ever known. The following letter, given to the Montreal Witness by Dr. Ernest Hall, of Victoria, B. C., states the true ideal and spirit in which the Forward Movement views its task and takes up the work. The letter was found upon the body of one of our boys at the front:

"Dearest Mother—We are in for a very big fight tomorrow, so I am going to leave this note in my pocket, and it will only get to you if I am knocked out. It is not every one who has the privilege of dying for all he thinks worth while in the world, and this old world without British influence for good, and without our dear people, would be a time comes—February 9 to 14. It is up to you to do your bit.

(Continued on page three)

(By Rev. A. E. Stephenson.)

The criticism has been strongly made that the Spiritual Impetus of the church is more or less a camouflage for the getting of money. This charge has been amply refuted, and it has been shown without fear of successful contradiction that the primary aim and object is the quickening of the spiritual life of the whole Church of Christ.

Nevertheless, the financial aims of the campaign are an essential and integral part of the whole movement, for if the Church is once stirred spiritually, as she should be, a great thank offering is sure to follow. A fully enlightened Church would not be content to remain at a standstill or simply to mark time when such unprecedented need and opportunity are at hand. The command of our Master is "Lift up your eyes and look upon the fields for they are already white unto the harvest," and reaping cannot be done without implements and workmen, and workmen and implements must be fed and kept in repair and replaced. Everywhere we turn, at home or abroad the fields are white and the harvest going to waste.

The financial objectives of the Church offer the greatest opportunity for all who believe in the propagation of the gospel of "peace on earth and good-will among men" to do their bit. If every Christian could only be fully seized of the debt they owe to God and would pay their debts and put the Church on an independent footing, what a force it would become to combat every form of evil in the world? What a light would be shown into the darkest corners of the universe? Men and women have put their money in Victory Bonds and are thereby helping their fellowmen and laying away at the same time something for a rainy day. The Church is offering to all and sundry an opportunity to invest their money in Victory Bonds that will be of infinitely greater help to their fellowmen and at the same time will pay them a dividend in coin that is of the spiritual realm and cannot be computed in dollars and cents. "What shall it profit a man if he gain the whole world and lose his life" or what shall a man give in exchange for his life?

There is an opportunity here to help educate leaders for this great band of ours so as to not only make the world safe for democracy but to make democracy safe for the world. To send forth men and women to the far-flung battle fronts of the world, with the same message that has brought so much joy and peace to our own hearts and homes.

To provide for the care of those who have given their all to make the world a better world, when they are unable to provide for themselves. The Church of Christ is calling upon all who have been blessed with Home, Health, Wealth and Prosperity to pay their honest debts, and put her "over the top" when the time comes—February 9 to 14. It is up to you to do your bit.

A Bank Account For Your Wife

More and more, are the wives of today running their homes on a business basis—systematically and efficiently. Many wives have a monthly allowance for household expenses. This, they deposit in a Savings Account in The Merchants Bank—settle bills by cheque—and thus have an accurate record of bills paid. Such a business-like method also gives a woman the feeling of happy independence in having a bank account of her own.

The Forward Movement

(By Rev. Wm. Barton.)

(Continued from page two)

both men and officers volunteered

The spiritual aim of the Forward Movement is then, secondly, to call for volunteers, the fed and trained and taught army of the Church militant to attack the strongholds and entrenchments of the devil and his hosts. The entrenchments of indifference, slackness, doubt and error. The strongholds of pride, impurity, intolerance, uncharitableness—"Kiln Go liath and the Philistines will flee."

As our Empire entered this last great war to protect a weaker nation and to keep her plighted word; and as Wilberforce preached the crusade against slavery—that all men should be free, so the third Spiritual Aim of the Forward Movement is to rouse the nation to her plighted word to God and preach the crusade—"The Story of the Cross"—to give light to them that sit in darkness and in the shadow of death and to guide their feet into the way of peace.

The fourth Spiritual Aim of the Forward Movement is to bring the minds of all into harmony with the mind of God by prayer.

Just as the last war was different to any previous war. Old methods had to be discarded and new methods introduced to meet each new phase. So today men's minds see things in a different light to what they did during and before the war.

What do you think the enemy is planning? Find out the mind of the enemy and a move can be made to counteract and check and bring to naught his plans.

What wonderful things our men invented to defeat and destroy the enemy: to keep our troops supplied and safe. Men of science, clerks, mechanics, lawyers, laborers, doctors, women, children and ministers gave the best of their minds, their prayers in very truth—to helping to win the war.

The last and greatest Spiritual Aim of this Forward Movement is the call to all to give their very best to win the war for Him who gave Himself for us, who died—our dear lads died—that we might live—more, that we might have Everlasting Life.

(By Rev. F. Letts.)

(Continued from page two)

poor place to live in. We are fighting for very high ideals—justice, honesty and fair play as among nations, (for the teachings of Christ as against those of the devil). It is an unselfish cause and one for which I am very proud to be fighting. I know you will be sad, and I would not have it otherwise, but you can comfort yourself with the thought that you, too, have had to make a sacrifice. My best love to father, Your loving son.

We need people at home to sacrifice as well as people at the front in distant lands; more at both places. The world would be a poor place without the influence of Christ and the people who love Him.

"Go out into all the world," etc., is Christ's challenge to the Church, heal the sick, cast out devils. This is the Church's foreign policy. The colonies of Great Britain spell sacrifice. We are engaged in the greatest enterprise the world has ever known or will know; it, too, spells sacrifice.

We are engaged in a victorious conflict, we are bound to win because we are on the winning side, though "Evil" triumphs everywhere, Thy word debased; Life's lowest passions, stark and bare, laing life waste. What can our hearts, Lord, but despair,—Do still, and know that I God AM."

"Fret not your souls with vain despair, I see it all. In this foul crime had you no share? I know it all. Strive now your failure to repair. Both you and they who wove the snare must come to know that I—God—AM."

What the Christian religion has done before it can do again. Sir William Mackworth Young, Lieut. Governor of the Punjab, is quoted as saying: "The work that has been done by missionary agency in India exceeds in importance all that has been done (and much has been done) by the British Government. The strength of our position in India depends more largely upon the good will of the people than upon the strength and number of our garrison, and for that good will we are largely indebted to kindly, self-sacrificing efforts of the Christian missionaries in dealing with the people." Millions of these people have yet to be reached with Christ's message "Speed on, Speed on, Forward Movement, 'Speed on, the world for Christ."

These heathen lands have themselves thrown out the challenge to the Christian Church, saying, "Come and possess." We must have men to possess. "Give us MEN." Strong and stalwart ones. Men whom highest hope inspires. Men whom purest honor fires. Men who make their country wreath them as her noble sons, worthy of their sires. Men who never shame their mother. Men who never fail their brothers. true, however false are others, give us MEN. I say again, give us MEN.

Listen to John Oxenham's question: "To whom shall the world henceforth belong, and who shall go up and possess it?"

"To the Great-Hearts—the Strong, who will suffer no wrong, and where they find evil redress it."

"To the Man of Bold Sight, whose souls seized of Light, found a work to be done and have done it."

"To the Vallant who fought for a soul-lifting thought, saw the fight to be won and have won it."

"To the Men of Great Mind set on lifting their kind, who regardless of danger will do it."

"To the Men of Goodwill, who would cure all Life's ill, and whose passion for peace will ensue it."

"To the Men who will bear their full share of life's cares, and will rest not till wrongs be all righted."

"To the Stalwarts who tell 'mid the seas of turmoil, till the Haven of Safety be sighted."

"To the Men of Good Fame who everything claim—This world and the next—in their Master's great name."

"To these shall the world henceforth belong, and they shall go up and possess it; overmuch, overlong, has the world suffered wrong, we are here by God's help to redress it."

This states the spirit and purpose of the Forward Movement and its extent; "Forsaking every smaller way, Seek only His supremacy, and crown Him—Christ—the King."

You will be sorry if you do not take part in this gigantic enterprise to uplift the world, to make it happier and more worth living in. "Rescue the perishing, care for the dying, Tell them of Jesus the mighty to save."

"The knowledge of the Lord shall cover the earth as the waters cover the sea." Speed on, Speed on.

DECLINED TO GIVE.

A letter received by Mr. — during the recent Victory Loan drive has come into our possession, and thinking the matter of interest to our readers we publish it.

"I have your letter requesting a donation for a very worthy cause. I flatter myself that I have a spirit of loyalty and generosity. I have contributed to each and every object that has been presented to me, but I certainly have to decline to donate to his for the following reason—

"I have been held up, held down, sandbagged, walked on, sat on, rolled over, flattened out and exposed, first by the Federal Government, then the federal war tax, the excess profit tax, in the province for the provincial tax, the highway tax, the income tax, the auto tax, the highway tax, the school tax, dog tax, cat tax and rent tax. I have been held down to brass tacks by every society and organization that the mind of man can invent to attract what you have or may not have. From the Society of St. John the Baptist, the Women's Relief Corps, the Men's Relief, the stomach relief, the wifeless, the husbandless, the childless, the conscienceless, the Navy League, the Belgian Baby League, the Red Cross, the Green Cross, the double cross, and every other cross of all colors, and by the Children's Home, the Dorcas Society, the various hospitals, including the lying in hospital, the lying out hospital, as well as some other lying institutes.

"My income has decreased in volume owing to government restriction and persecutions of properties I am interested in, and because I will not sell all that I have and go to beg, borrow and steal, I have been cursed and discussed, boycotted, talked about, lied to and about, held up, hung up, robbed and nearly ruined, and the only reason I am clinging to life is my curiosity to see what is coming next."

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches.

The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

Announce Your Name When Answering the Telephone

How do you answer your telephone? Do you say "Hello" or do you announce your name or the name of your firm? If you say "Hello," do you notice how the person calling will then ask "Is that Mr. Blank speaking?"

Why not extend the courtesy of announcing your name in the first place? It eliminates the necessity of additional enquiry and facilitates your telephone service.

The Late James M. Macoun

His Life's Work

The news of the death of the late James M. Macoun, C.M.G., Chief of the Biological Division of the Geological Survey, came as a great shock, not only to his many friends in the Dominion capital and throughout Canada, but in other countries where he was well known as one of the best informed systematic botanists, and as an expert in the fur seal industry.

During the past summer, while studying the natural history of Jasper Park and adjoining territory in this province, he was taken ill, but was able to finish his work in the field. From the time of his return to Ottawa early in October he became gradually worse and passed away in St. Luke's Hospital on the 8th inst.

The late Mr. James M. Macoun was born in Belleville, Ont., in 1862, and was the son of Prof. John Macoun, formerly of Ottawa, but now a resident of Sidney, and the brother of Mr. W. T. Macoun. He attended the Belleville High School and Albert College where his father was at that time Professor of Botany, and on the removal of the latter to Ottawa in 1882 to take charge of the Botanical and other Natural History work of the Geological Survey, Mr. James Macoun became his assistant, beginning regular work under the Dominion Government in 1883. He had, however, been in the field with his father as early as 1881 when the latter made an exploration of the territory between Portage la Prairie and the head waters of the Assiniboine.

From the time he entered the service the late Mr. Macoun specialized in botany, and in addition to other duties assisted his father, Dr. John Macoun in the preparation and publication of over 1,200 pages of botanical work and two editions of an annotated list of the birds of the Dominion. He was appointed Assistant Naturalist in 1898 and Botanist in 1917. Since 1912, when his father moved to British Columbia, much greater responsibility was thrown on him. In 1918, because of his wide knowledge in the different branches of natural history, he was appointed Chief of the Biological Division to the Geological Survey, and was looking forward to a wider field of public life.

The late Mr. Macoun's great ability to do work of a special nature satisfactorily was early recognized in the Geological Survey, and in 1891, when it became necessary to investigate the fur seal fisheries of the Pacific Islands on behalf of Great Britain and Canada, he was chosen by Dr. G. M. Dawson, then Director of the Geological Survey and British Sea Commissioner for Canada, to go with him. His services in the study of the habits and life history of the fur seal proved so valuable that he was retained on this special work in 1892 and 1893, and was sent to Europe as an expert in connection with the Fur Seal Arbitration. In 1896 he was again sent to Behring Sea, and again in 1911. In 1911 he spent ten weeks in Washington as one of Canada's representatives at the Fur Seal Conference. Because of this special international work he was very highly commended by Lord Bryce, then British Ambassador at Washington, and received

Scotland

(By A. McAbbott.)

Scotland is a braw wee land on the north of England. There is water nearly all round it. There is over a large part of it. Whisky is great mineral wealth in the country. Gold has been found in certain localities, as well as in the pockets of natives, but in both cases it is difficult to work.

Its chief exports are Harry Lauder and Scotch whisky, but enough of the latter is kept at home to satisfy some consumption. Its chief import of recent years has been Winston Churchill. A part of the native costume is called the kilt. It resembles a small petticoat—in pattern like a chessboard, but in cold weather considered a draught board. It was first invented because the aborigines could not get trousers big enough to get their feet through. Their national instrument is called a bagpipe, which, it is said, on being blown, produces a tune. Scotch regiments have been known to march to death during the music of these pipes, but it is not known if their willingness to face the former was inspired by their desire to escape the latter.

The man the Scotch people love above all is Bobbie Burns. It is denied that he was born in Brummayem. His chief productions were "Stop Your Ticklin', Jock" and "Scots Wha Hae."

The national characteristic is reckless expenditure.

BIRTHDAY CONGRATULATIONS

The many friends of Capt. Beddome, formerly principal of the Sidney schools, are extending birthday congratulations to him upon his—ahem—sixteenth birthday. The Captain says that he has noticed that if he pulls through the month of January he generally struggles through the balance of the year. He has—well, we won't go into details. We wish him long life, anyway.

LADIES' CHOICE.

There was quite a bunch of excitement at the dancing class last week after the period for learners had expired. It was decided by the director, Mr. Dickson, that it should be ladies' choice for partners. Some of the gentlemen present made desperate efforts to escape, but they found all exits barred. They enjoyed themselves, however, after their bashfulness had disappeared.
